

Beyond the Classroom- Unlocking Outdoor Learning in Nursery & Reception

Course Details

Date: 5th December 2023

Venue: Online (Zoom)

Time: 13:15-14:45

Cost: £50 per delegate

Course Leader: Emma Ingram

Overview of Training:

Outdoor learning and play have tremendous benefits for children's early development. By venturing outdoors, children can enrich existing skills, cultivate crucial characteristics of effective learning, and engage in a wide array of activities without constraints on noise, mess, or space. This online course will give ideas of how every child can experience daily access to effective outdoor education, which will help to nurture confidence, resilience, and emotional intelligence.

Audience.

Aimed at Early Years Leaders, Nursery Managers, Teachers, Nursery Practitioners & Teaching Assistants.

Course Content:

- Understand the importance of outdoor learning within the EYFS curriculum and its significant benefits.
- Create engaging and successful outdoor spaces to support and extend children's interests.
- Identify and define clear learning objectives and outcomes for outdoor activities, maximising opportunities to practice and apply 'prior learning'.
- Plan effective outdoor learning activities aligned to the EYFS curriculum and the 'Characteristics of Effective Learning'.
- Implement aspects of 'Development Matters' via your outdoor provision.
- Utilise a range of resources to enhance learning experiences.
- Address health and safety considerations, effectively managing risks during outdoor sessions.
- Utilise adult support to foster positive interactions, facilitate learning and help develop skills and confidence.
- Encourage language development and effective communication in the outdoor environment.
- Observe and assess children's progress and holistic development during engaging outdoor learning experiences.
- Explore ways of involving parents and carers in the outdoor learning journey.
