

Creating a 2022-23 Subject Leader Action Plan for Mathematics

Course Information

Date: 14th July 2022

Venue: Online (Zoom)

Time: 16:00-17:15

Cost: £40

Course Leader: Vanessa Brown

Course Overview

This twilight session will support subject leaders to review their current position in mathematics and to develop an effective action plan for 2022-23.

The session will include a checklist of the key aspects of mathematics that schools should have in place and how effective current provision is.

Time will then be given to develop an action plan including guidance with individual issues.

Course Objectives:

- To review current position in mathematics
- To have an effective plan in place for the next academic year

Bookings can be made by visiting www.teachcr.com or contacting enquiries@teachcr.com
