

A Focus on Mapping in the Primary School

Course Information

Date: 15th June 2026

Venue: Online (Zoom)

Time: 13:15-15:15

Cost: £70 per delegate

Course Leader: Jackie Zammit

Course Overview

Mapwork is vital to geography. It helps foster spatial awareness, helps children understand and relate to the world around them, and develop a deeper understanding of place and the environment.

This online course will explore a range of opportunities to support children to make maps, read maps and interpret maps both in the classroom and in the field.

Course Content

- progression in mapping skills from EYFS through to Upper Key Stage 2;
- using maps to make sense of the world;
- supporting children to make their own maps;
- explore opportunities in our local areas to use maps;
- introducing classroom and fieldwork opportunities linked to mapping;
- the use of digital mapping.
