

Teaching Active Phonics

Course Information

Date: 29th September 2021

Venue: Parkland Suite, Hawkesyard Estate, Armitage, WS15 1PU

Time: 9:00am-12:00pm

Cost: £80

Course Leader: Backpack Phonics

Course Overview

This training is designed to introduce teachers to the benefits of using Physical Phonics as part of their phonics teaching. The games help children to practise, consolidate and master their Phonic learning whilst also refining the basic PE skills of balance, agility and coordination.

Delegates will play a number of 'Covid friendly' Physical Phonics games during the training which they can then safely deliver to the children back at school.

Course Objectives:

By the end of the course participants will:

- understand the benefits of teaching phonics actively to enable children to practise, consolidate and master their learning;
- have participated in a number of 'Backpack Phonics' physical phonics games;
- be confident to deliver physical phonics sessions within their school.

Course Content:

- the key elements of teaching phonics to young children
- progression in teaching Phases 1-5
- using Backpack Phonics' cross-curricular games to cover the objectives for both phonics and PE within EYFS and KS1
- the impact of teaching phonics through physical activity in relation to recent research and Government recommendations
- the benefits for the children, staff and school of teaching phonics actively
- access to resources and support from Backpack Phonics to aid the teaching of physical phonics
- implementing the teaching of physical phonics within your school to maximise outcomes
